2020 – Challenge Camp @Home Workshops

Challenge Camp

A Summer of Fun and Learning, too!

For those of you that are new to Challenge Camp, here are tips for understanding our course catalog:

1) A full day of camp consists of 5 classes and is from 9am – 3pm. Each period will last 50 minutes, with Screen Breaks intentionally built into the schedule between classes. In addition to the Full Day, we will also have flexible scheduling options. Your camper could take 2, 3 or 4 classes to enable you to structure your camper's day in a way that works best for your family.

2) We use camper's CURRENT GRADE as of September 2019 for class selection.

3) There are over 100 STEM & Arts Enrichment Options for you to customize a schedule based on your child's interests. To streamline the process, we highly recommend referring to the course selection charts to guide you to the grade level appropriate classes during each session and time slot.

4) The instructors will use the Google Classroom page to post supply lists and any software or apps that your camper will need to install to participate in their selected camp activities. Parents are responsible for ordering supplies in advance of the session. We encourage you to order sooner as delivery and shipping times now are unpredictable.

5) Certain courses may have a materials fee listed. These are for class kits or projects. Where possible, we are working on making arrangements with vendors to ship items directly to you and included this is the listed material fee. However, there still may be additional supplies required by the instructor. For classes with significant projects (ie PC Builders Academy, Drone Flight School and 3D Printing) we have listed an estimated fee. We are trying to expedite the logistics, but may have you place the order directly with the vendor.

6) If you need assistance or have any questions, please email info@challengecamps.com or call the camp office 914-779-6024.
